USB-C Charging Cabinet for Schools and Hospitality without the Need for AC Adapters or Wall Chargers

Charging, storing, and protecting portable devices is easy with the reliable Manhattan 12-Port USB-C Charging Cabinet. It's the ideal solution for laptops, tablets, and other devices up to 16 inch in schools, restaurants, gyms, doctor's offices, universities, hotels, offices, and more, so you can efficiently assist your students, guests, patients, customers, and patrons.

Fast and Powerful USB-C PD Charging with Maximum Device Safety

Each of the twelve USB-C Power Delivery ports delivers up to 65 watts of fast, intelligent charging - no bulky power adapters or wall chargers needed. With a total power output of 780 watts, the cabinet ensures that every device receives optimal power for quick, efficient charging.

Lockable with Key or Pin Code

The sturdy, durable steel housing offers a visible sign of professional device management and protection. The security lock can be opened with a four-digit combination or the two included keys.

Usable as Stationary Charging Cabinet or Mobile Charging Cart

Optional heavy-duty casters (included) let you turn the cabinet into a charging cart to roll it where you need it. Wheel locks let you quickly secure it in place.

Organized and Versatile - with USB-C Charging Cables Included

Keep your devices organized in the bay slots that offer plenty of space (395 x 32.5 x 290 mm each), even for bulky cases. The built-in cable-management clips on the bay dividers let you structure your charging cables for better organization and a cleaner look. Status LEDs provide a clear overview of charging progress for all connected devices - red indicates active charging, while green shows when devices are fully charged.12 USB-C charging cables come included with the product so you are set with everything you need.

Wall-mountable

To prevent theft or if you struggle with a small location, simply mount the cabinet to the wall via the holes on the back. All required mounting hardware is included.
