Ultra Slim Foldable TV Wall Bracket - strong mount for flush-as-possible TV installations

When viewing locations and TV heights are fixed at optimal positions, the Manhattan Low-Profile Fixed TV Wall Mount creates nearly flush, close-to-the-wall installations that enhance thin, modern TV silhouettes. This ultra-slim TV bracket extends only 29 mm (1.1 in.) from the wall. Constructed of high-quality, powder-coated steel, this TV mounting bracket fits flat and curved LCD, OLED or plasma TVs up to 100" and weighing up to 70 kg (154 lbs.) with VESA compliance up to 800x400. You're all set for a confident above-the-floor installation with an included bubble level that helps get the mount perfectly horizontal on the wall, and intuitive snap-in spring locks with release cords let you easily and securely put the TV in place. It's ideal for residential, office, hospitality, classroom, conference room, digital signage and other commercial applications. An anti-theft opening allows you to attach a padlock to prevent your valuable display from being removed and stolen.

Foldable, shipping-friendly design

The mount can be folded into a more compact shape that we ship in extra-small, space-saving packaging.
